Subject: Chumash Fee-to-Trust

Dear Supervisor Farr,

I have lived in SYV since 1970, and in the town of Santa Ynez since 1992.

I used to take my children to pow-wows on the reservation, did health interventions with tribal children, and voted for the first casino.

But now I cannot support the tribe's intentions!

Please do not go forward with the Fee-to-Trust negotiations, as they are not part of the Board's agreement in 2013, and do not bode well for the Valley.

I do support the proposals of We Watch and other organizations who are being ethical and fair in their suggestions.

Thank you,  
Susan Tova
