Subject: Chumash Annexation

I'm writing regarding the Chumash annexation as I'm unable to attend the meetings. Most of my friends and neighbors are equally distressed about the annexation of so much SYV property to the reservation, but are unable to attend these early meetings. And many fear their complaints are futile.

Please do not allow this annexation, thereby removing all control of these hundreds of acres of the Santa Ynez Valley. How will non-Indian taxpayers make up the loss of revenue to the county. What is the justification for changing zoning and violating the Williamson Act to benefit a minority of extremely wealthy individuals?

Please let me hear from you that something can be done to prevent this disaster. Thank you. Susan Tate, Santa Ynez
