Subject: Camp 4

A Chumash told me he has no desire to "downsize" to a one acre property on Camp 4. Furthermore, he doesn't know anyone who wants to move there. He thinks housing will wind up being rentals for Casino employees.

Has anyone asked Mr Armenta how many tribal members will be moving to Camp 4? Has anyone asked what type of housing he proposes to build. We can envision apartment houses to accommodate the Casino employees.

Please don't let him get away with it. Please keep Camp 4 under County control.
