"In addition to the \$17.2 billion budget gap, there is an 800-pound gorilla hovering in the shadows. In a letter released May 29, the prison health care receiver told the State that there is an immediate need for \$70 million and budget-year need of \$3.43 billion to address critical needs in prison health care facilities. These resources will, unless another solution is identified in the short-term, come from the state's general fund."
