

ELLWOOD ANNUAL EMERGENCY SIREN TEST

CONTACT: Bert Van Schoyck (805) 961-2301 Direct (805) 961-2339 control room

WHAT: Annual Siren Test
WHERE: Ellwood Onshore Facility (EOF)
7979 Hollister Avenue, Goleta, CA
DATE: Tuesday November 12th, 2019
TIME: 9:30 a.m.
DURATION: 1 to 2 minutes
ACTION: NONE REQUIRED

On Tuesday November 12th at approximately 9:30am Santa Barbara County Fire Department in coordination with Beacon West Energy Group, LLC on behalf of CA State Lands Commission will conduct an annual full siren test of the Emergency Warning and Notification System at EOF. The test is expected to last no longer than a minute and will verify that the siren is functioning properly and is audible to citizens within a designated distance from the facility. **This is only a test and no action is required.** Should an actual emergency occur, the siren would sound continuously until the emergency has ended.

Though the siren is designed to cover a required distance just across Highway 101, certain weather conditions can cause the sound to carry a much greater distance. Beacon West and Santa Barbara County Fire will be notifying area residents with mailers as well as contacting the school district, Ellwood School, homeowners' associations and neighboring businesses.

For any questions contact:

- Daron Mafi – SBC Fire Department daron.mafi@sbcfire.com
